

JUSTRITE

THE BRIGHTEST NAME IN LIGHTS

JUSTRITE CARBIDE HAND LAMPS

for Miners, Sportsmen and Campers

JUSTRITE SMALL CARBIDE HAND LAMPS—2½ HOUR TYPE

Great for Outdoor Uses!

Camping
Fishing
Hiking
Hunting

No.
2-714

No.
2-744

No.
2-770

Model Number	Reflector Diam.	Domestic Packing in ship. carton Quantity		Weight	List Price Each
2-714	2½"	36	23	lbs.	
2-744	4"	36	27	lbs.	
2-770	7"	12	15	lbs.	

NOTE: With handle removed, Lamps can be used as cap lamps. Nos. 2-714 & 2-744 fit any hard hat equipped with lamp bracket. No. 2-770 is furnished with a cap spring (illustrated) to fit a canvas lamp cap. Handles are available separately: No. 5-704 (for Nos. 2-714 & 2-744) \$ each; No. 5-701 (for No. 2-770) \$

Easy to carry. Light in weight. No batteries. Economical ... a pound of carbide and "along-the-way" water assures many hours of brilliant light. Handles remove for close packing or for "hanging up".

Made of brass — no worry with dampness or rust. Burn 2½ hours on one filling. Easy to refill. Have self-lighters and regulating valve to control flame size.

JUSTRITE LARGE CARBIDE HAND LAMPS—EIGHT HOUR TYPE

Long Burning • Reliable • Durable

No. 2-500

No. 2-501

No. 2-571

Automatic Feed — Equipped with Flame Protector. Justrite automatic water feed generators are the only generators in which the valve stem can be taken out and cleaned and the light continues to burn. Made of brass, highly polished, except No. 2-500 which is steel, tinned. Brass lamps are reinforced at bottom with steel, cadmium plated. Reflectors have self-lighter attachments, and are highly polished and chrome plated; 4" diam. except on No. 2-571 which is 7" diam., nickel plated. Burn about 8 hours on 8 ounces of Miners Lamp Carbide (½" lumps); flame bright and steady, protected from wind by flame protector.

for bright, white light at low cost

The ideal lamps outdoors or underground—no batteries, no fear of rust or corrosion. Carbide Lamps produce an intensely brilliant white flame from the controlled mixing of carbide and water. Safe and easy to handle. Have low operating cost. Lamp operates on lamp carbide ($\frac{1}{2}$ " size) and water. The regulating (water feed) valve controls size of flame. All lamps have self-lighter attachment. Cap Lamps are worn on canvas caps (at right) or Safety Hats provided with lamp brackets. Hand Lamps have convenient handles for carrying.

CARBIDE CAP LAMPS—SOLID BRASS CONSTRUCTION

No. 2-814

No. 2-810

No. 2-840

No. 2-870

Burn about $2\frac{1}{2}$ hours, using $2\frac{1}{2}$ ounces of carbide ($\frac{1}{2}$ " lumps) and water. Lamp body is $3\frac{3}{4}$ " high, $1\frac{1}{8}$ " diam.

REPLACEMENT PARTS (See Accessories Shown Below)
